

REDS SUFFER CASUALTIES IN BORDER CLASH

12 Soviet Soldiers Are Killed in Skirmish With Japan

TOKYO, March 15.—The government sent a written report to the Russian embassy today, asserting a Russian patrol fired illegally on a Japanese patrol on the border of Sakhalin Island, ownership of which is divided between Japan and Russia.

The report followed by a few hours the report from Tientsin, Kan, that there were about a dozen Soviet and two Japanese casualties in an armed clash at the border.

TOYOHARA, Kure Island, Japan, March 15.—Soviet troops were reported to have suffered more than a dozen casualties today in a clash between Russian and Japanese border patrols near the Sakhalin-Kure Island boundary. Two Japanese were reported wounded.

The Japanese said the Soviet patrol opened fire without warning when the two patrols met.

Sakhalin (Sakhalin Island) 600 miles long and from 10 to 150 miles wide, long has been a source of international contention between Japan and Russia.

The island was occupied by Japan during the Russo-Japanese war and at the termination of the war full Japan received the southern half, in which reside 100,000 of the island's population of 344,000.

GIVEN CONCESSIONS

In 1905, after the Russo-Japanese war, Japan conceded the Russian half, but withdrew on receipt of valuable oil and coal concessions in the northern, or Russian, part.

Only last July there was a flare-up over these concessions. Japan assembled part of her fleet in the waters as a result of what she said was a Russian threat to encroach the Japanese oil and coal concessions.

Canuck Engineers In Hard Training On Thames River

ALDERSHOT, March 14.—Pontoon bridges were thrown steadily across the Thames and smaller streams were spanned by steel-grated traffic lanes as units of the Royal Canadian Engineers trained yesterday under the eyes of Major General A. G. L. Montgomery, the British inspector general for engineering.

Three field companies of the C.E. under command of Major Colonel C. S. L. Hertzberg, J.C. Thorne, have moved more than 50 miles from Aldershot to concentrate on bridge operations. Their camp is near the wooded shores of the Thames and their heavy work mixed with the fishermen's shacks in the little of their docks.

DREW CLAIMS ARE REFUTED BY MINISTER

Charges Of Favoritism On Lumber Orders Denied By Rogers

LINDSAY, Ont., March 16.—

The defence minister, Hon. Norman Rogers, in a statement he read at a political rally here last night, replied to charges made by the Ontario Conservative Leader, Col. George Drew, at Toronto last night with regard to lumber orders of the defence department.

Col. Drew charged that A. Grant MacLachlan, Mr. Rogers' secretary, had been the "main interest" in the MacLachlan Lumber and Woodworking Company, which had received defence department orders in 1938, 1937, 1938 and 1939, and that the latter had been given on Nov. 24, 1939.

STATEMENT MISLEADS
"This statement by Col. Drew is a deliberately misleading as other charges he has made in the course of the present campaign," Mr. Rogers said.

"In the first place, the contract for lumber could only be described as patronage or favoritism if, as minister of national defence, I had used my official position to obtain business for this firm."

Mr. Rogers said the November contract was placed by the War Supply Board, "an independent agency having no connection with the Department of National Defence."

The board, in buying lumber for the Kingston area, had followed its regular practice of calling for tenders and the contract had been obtained "on a strictly competitive basis with other firms."

PERVERSION OF TRUTH
Mr. Rogers added: "It is nothing less than a willful perversion of truth to imply as Col. Drew does, that there is even the slightest suggestion of patronage or preferential treatment in such a transaction."

When Mr. MacLachlan had joined his secretary in 1935, he had withdrawn from active direction of the lumber company through his savings were invested in it. In contrast the firm had received from the defence department subsequently were obtained on a competitive basis. Col. Drew, the statement said, had failed to say that the lumber firm was formed in 1927 and had implied it came into existence in 1935.

The minister concluded: "I challenge Dr. Manning, or Col. Drew again to provide a single specific case where there has been patronage or preferential treatment to the Canadian war efforts."

Norwegian Navy Gets U.S. Planes
LOS ANGELES, March 16.—Norwegian Aircraft, Inc., said yesterday it had received an order from the Norwegian government for a fleet of 24 bombers and parts of the Norwegian naval force at a cost of more than \$1,500,000. They are to be equipped as sea planes, capable of well above 225 miles an hour.

Integrity, Courage, Ability. The people of Canada have come to associate these words with Norman Rogers, minister of defence.

Never spectacular, he is not as well known as some of the big stars in Canada's war cabinet, but what the people do know of him is found reassurance in a time of war.

There are four boys in the Rogers family, all successful. Arthur is secretary to the Canadian Bankers' association. Dean is a graduate of the Harvard Business school and is in the pulp and paper business. Norman, who will be 46 on July 16, has more than once been mentioned as a possible future prime minister of Canada.

David, a prominent newspaper executive in western Canada. Their mother, Grace MacLeod Rogers, was well known. She was the author of "Stories from the Land of Evangeline" and other books. Several years ago she contested the Glenora riding for a seat in the Nova Scotia legislature.

Norman Rogers earned his way through college by working in a book store and by selling magazines. But he didn't have to graduate before he was enlisted in the Sixth Mountain Battalion. He was killed in action and was invalided in 1917. "We never did get home," he says today. Subsequently he had a brilliant university record, earned a Rhodes scholarship and for three years studied at University College, Oxford.

He returned to Canada and to his old college, Acadia university, as a professor of history. In 1927 he resigned to become private secretary to Prime Minister Mackenzie King. But he was back to college once more. In 1929 he accepted the chair of political science at Queen's university.

Britain's Wartime Minister of Supply Sharply Criticized

LONDON, March 16.—Criticism of the wartime ministry of supply and of businessmen who seek to influence the placing of war contracts mounted today in the wake of charges of graft and inefficiency expressed in the House of Commons by Herbert Morrison, Labor front bench.

The minister, Leslie Burgin, admitted during yesterday's debate that an "atmosphere of suspicion" had been created by the activities of "unscrupulous individuals" but said measures are being worked out which will make it a crime for an individual to attempt to obtain commissions by giving the impression he can influence civil servants or government services.

In leading the attack on the ministry, Mr. Morrison charged certain businessmen claimed that through influence on government departments they could obtain orders for manufacturers in return for a commission. Among those men he mentioned Captain V. R. Ullman, M.C., who served in the first Great War with the Canadian army, 21st battalion.

ULLMAN MAKES DENIAL
Captain Ullman, who lives on an island at Thames Ditton, had been very active in obtaining orders and placing business in the Midlands area. The Labor member charged, he said he was informed Captain Ullman had stated he had considerable influence with the ministry of supply, that he could get "inquiries" whereas other persons could not.

Captain Ullman, speaking to newsmen last night, denied Mr. Morrison's charges. "I have consulted my solicitor regarding the matter," he said. "I cannot imagine the source of Mr. Morrison's information. This is a terrible blow to me but I have nothing to fear. I have done nothing wrong, nothing whatever."

Of Captain Ullman, who is a contract manager for the Anglo-British Petroleum Company, Mr. Burgin said he knew him as a man of undoubted integrity. Captain Ullman had performed some service for the ministry by bringing attention to matters the members were discussing.

EXPLAINS VISITS
The minister said Captain Ullman had visited the ministry two or three times since the outbreak of war but not as an intermediary for any manufacturer or firm. He had called on behalf of a well-known firm which was negotiating with the ministry for a contract to supply trench mortar munitions. Ullman wanted in considerable numbers.

Mr. Burgin said he had visited Woolwich Arsenal and saw Captain Ullman's visiting card, authorizing him to attend an exhibition of a trench mortar bomb at Savoy Hill House, which houses the ministry. The minister also telephoned the officer in charge.

He had not seen Captain Ullman since that date, Mr. Burgin declared.

C.P.R. ISSUES STATEMENT ON TRAIN CRASH

Investigation Indicates Responsibility Rests On "Pusher" Engineer

CALGARY, March 16.—A Canadian Pacific Railway statement last night on the train crash between a passenger train and a pusher engine 20 miles west of Medicine Hat

early Thursday morning stated an "investigation indicates responsibility rests with the engineer of the pusher engine." Five passengers were injured.

The statement by E. D. Colwell of Calgary, general superintendent of the railway's Alberta division, follows:

"The investigation conducted on the ground indicates that the responsibility rests with the engineer of the pusher engine for his failure to take the proper track at Bowell six miles east of Dennis siding (No. 4)."

Railway officials earlier stated A. Poulson of Medicine Hat was the engineer on the pusher engine. Of the passengers injured, only J. R. Milne of Winnipeg, who

was new cabinet, the minister, labor was Norman M. Rogers. Then, last Sept. 20, he was promoted to the difficult defence portfolio. Mr. Rogers is modest, likeable and has never attempted to look like a political leader. Probably that explains an incident which happened the first day he took over his present post. As he entered the building one of the guards stopped him, not too gently. "Watch your name!" he demanded. "Rogers," was the reply. "Wait a minute, please." "You will have to fill out a form stating your business," Mr. Rogers laughed. "I am a good natured explained why he had a right to be in the building."

Man Described As "Valued Customer Of Government" In Judgment

CALGARY, March 16.—A Lethbridge bootblack was described as a "valued and valuable customer of the government" by the Honorable Horace Harvey, Chief Justice of Alberta, in a judgment handed down yesterday.

Before the Alberta appeal court was the case of Cyrus Lobbins, who operates a shoeblacking stand in a Lethbridge hotel.

Because he made 250 purchases of liquor from the government liquor store in 145 days despite the fact his daily revenue from his lawful occupation was "not more than \$2 or \$3 a day," Lobbins was convicted on a charge of having kept liquor for sale.

Lobbins appealed his conviction by Magistrate A. Beaumont of Lethbridge and sentence of a fine of \$100 or three months in jail to Judge J. A. Jackson. Judge Jackson quashed the conviction and the crown appealed from Judge Jackson's decision.

Chief Justice Harvey, in a judgment concurred in by Mr. Justice A. H. Clarke, decided Lobbins must again appear before Judge Jackson and be given "an opportunity to explain his liquor business."

Even though no liquor was found in Lobbins' stand, the time of his arrest, the crown was entitled to a conviction if Lobbins did not give an explanation of his liquor purchases. The chief justice, Lobbins did not give an explanation and he should be given the opportunity to do so.

Mr. Justice Frank Ford dissented in a separate judgment and held that the crown had not proved enough of proving that Lobbins had kept liquor for sale. It had not proved its case.

Nazi Troops Said Ready To Fight If Allies Aided Finns

STOCKHOLM, March 16.—A member of the Swedish Riksdag (parliament) foreign committee last night declared that German troops in Danzig and Gdynia prepared to move on Finland if the Allies had sent troops to that country, he declared. So far as he knew, the contract for trench mortar munitions did not go through with the firm in question. If Captain Ullman had been engaged as an intermediary in the Midlands as Mr. Morrison charged, claiming to have influence with the ministry, Captain Ullman had been doing something, no proper, something not recognized by the ministry.

100,000 on March in Saddened Finland to Seek Out New Homes

By LYNN HEINZELING
Associated Press Staff Writer
HELSINKI, March 16.—A new army was on the march today in saddened Finland—an army of 100,000 men, women and children forsaking their fireplaces in ceded territory to find strange homes within Finland's newly-shrunk frontiers.

By foot, in autos, wagons, and on trains they moved through the snow-clad country taking their pigs, horses and cattle with them. They carried what clothing and family belongings they could afford on short notice before their land is turned over to Russia.

Approximately 500,000 other persons are in refugee camps, having suffered from lack and hunger and injuries and shock, remained in Finland last night.

Traffic on the line was resumed late today after repair crews required 200 yards of track and a new engine was turned into a semblance of a pig field.

ARMY MOVES BACK
Some of the farming population from the Isthmus and north of Lake Ladoga will be moved to western Finland near Vaasa. Finns of the Isthmus will be settled along the Gulf of Bothnia, in southwest Finland, where they can follow their accustomed ways.

From its shell-wreathed positions on the Isthmus and north of Ladoga, the Finnish army must move back at a rate of about four miles a day, starting today and completing the retreat by April 10. Each sector has a definite front line.

SASKATCHEWAN CHANGES RULES ON HEADLIGHTS

REGINA, March 16.—New legislation governing the dimming of headlights on highways in Saskatchewan which requires all motorists with light of 23 candle power or more, to dim their headlights or spotlights when within 1,000 feet of an approaching vehicle. This is contained in a bill to amend the Vehicle Act.

According to the interpretation placed upon this section by government officials, this exempts the drivers of old model cars which are not equipped with dimming devices because their cars do not have headlights of 20 candlepower or more.

The legislation which has now received its third reading was drafted to meet the problem created by the new "sealed beam" headlights which are being put on many of the new cars and have a high candlepower.

Things that count!

RIDE! Until you've driven a new Ford, you can't realize the smoothness and quiet, the solid comfort and luxury of this big, roomy "eight"—it's improved ride. It's smooth as silk—level as a table-top—quiet as a mountain lake!

ECONOMY! Ford economy begins with the low-price tag (which includes much equipment not usually included in delivered prices), and "follows through" with every revolution of that precision-built V-type 8-cylinder engine! Owners report 22 to 27 miles to the gallon.

COMFORT! Look at this line-up of Ford comfort-features! Improved spring suspension! Improved "self-sealing" shock absorbers! New torsion bar Ride Stabilizer! New deep, soft "Floating-Edge" seat cushions! New draftless Controlled Ventilation! Improved sound-proofing! But the proof of all these improvements is in the smooth-as-silk ride—so see your dealer today, and drive a '40 Ford V-8!

PERFORMANCE! For "pick-up" to whisk you out in front of the parade, with surging power to keep you in the lead, the Ford's V-8 engine was praised from engineers and motorists alike! It's the type that holds world's records—and the only "eight" in any low-priced car!

CREDIT CONTROL BIGGEST ISSUE FALLOW STATES

There is one and only one issue in the coming elections and that is the control of currency and credit, declared Hon. W. A. Fallow, minister of public works, when he addressed a meeting in the interval of Geo. Woychik's provincial constituency, here Friday.

The Alberta government had given a pledge to gain control of currency and credit and has been working for the past four and a half years to make it good, only to have all their efforts blocked by the financial interests, he said.

Reviewing the debt situation, Mr. Woychik said the banks control inflation and deflation in a way by which they can gain control of the securities as they desire them. Explaining the operation of the treasury branch, he said that with the use of the non-repayable vouchers it was possible to establish a complete circle of business without the use of currency.

Other speakers were Anthony Morris, New Democratic candidate for the Vegreville federal riding; Mrs. F. W. Maxwell, and W. Tompkins, both of whom are candidates for the Credit Control Committee of the new federal government.

Delburne, Exshaw Sextets Triumph In Hockey Games

The Delburne sixteen and under boys' team won the Highway 21 League trophy when they defeated Riverview by a score of 7-4 in the final game played in Riverview Wednesday night. With the exception of one first place victory by the Delburne sextet won every game this year. Following the game presentation of the trophy was made by R. McArthur of Trochu, secretary of the Highway 21 League.

The Exshaw Intermediates won the right to enter the finals of the Provincial Intermediate B schedule played when they defeated Trochu by a score of 4-1 in a game played on the Trochu ice on Thursday night. The ice was also resulting in a very poor band of hockey. In their previous encounter Exshaw won by a score of 3-2.

EDMONTON CANDIDATES FOR ALBERTA ELECTIONS

The list of candidates printed below in sample ballot form is reproduced for your information and to enable you to make your choice and mark the candidates in the order you wish to vote for them before you enter the polling booth on Thursday, March 21.

In the actual ballot you will receive on election day, the parties which the candidates represent will not be shown. In the ballot below they are shown, so that you will be able to mark up this list and know the parties for whom you will be voting.

The names will not be in alphabetical order on the actual ballot, as it is so convenient to the Election Act. It was ordered that the names rotate with every hundred ballots, thus giving all candidates a chance to have their names at the top of the ballot in equal number.

Make up your mind for which candidates you want to vote and the order in which you want to vote for them. Complete the entire ballot, making your choice in order from 1 to 19. In that way ONLY you can be sure that your ballot is FULLY EFFECTIVE.

Mark your choices on the ballot below, in the order in which you want to vote, and take this clipping into the voting booth as your guide. Mark your ballot on election day with the pencil provided in the polling booth. Other markings may make your ballot invalid.

By making your choice in advance; marking the candidates down in the order in which you desire to vote for them, and taking this list into the poll with you as a guide, you speed up voting and avoid making mistakes.

Remember, you vote by marking the figure 1 opposite your first choice; the figure 2 after your second choice; the figure 3 after your third choice; and so on down the line until you have placed your figure opposite each name in the order of YOUR CHOICE from 1 to 19.

WAR ISSUE IS SMOKE-SCREEN C.C.F. CLAIMS

Clifford Lee Declares His Party Stands For Public Ownership

Old time parties are attacking and defending Canada's war effort "as a smoke-screen to camouflage the failure of their respective regimes," Clifford E. Lee, C.C.F. candidate for the East Edmonton riding, declared Friday at a campaign meeting in St. Faith's hall.

He further declared that all political parties are in agreement on the main issues relative to Canada's position of the war effort, but that there are other issues which could be considered vital to the country's welfare.

SACRIFICE DEMOCRACY

"You can't successfully prosecute a war on the one hand and make war profiteers with the other unless you are prepared to sacrifice at home the democracy you are fighting for abroad."

Referring to the checking of shipment of a million bushels of wheat to Russia last year, Mr. Lee pointed out that the opposition to the shipment came from the farmers' profiteers and not from the farmers who would gain by the selling of their produce.

PROFITEERS GAIN

"At the time the wheat was checked from shipment, there was travelling across Canada a train with four carloads of Canadian wheat and four for shipment to Japan, a ballast train. There was no opposition to that shipment, for many of the profiteers were selling by rail."

Mention was made by Mr. Lee of the profits in guns, bullets and other products during the last war, when he stated that the only real way for Canada to organize her war industries is through nationalization of them.

Alleviation of poverty in the midst of plenty can only be brought out through ownership by the people, and not through " tinkering with money," he maintained. The Alberta government owns the distribution of liquor system, and makes a profit for the people of two million dollars a year. In the same way, Turner Valley could be used for health facilities, old age pensions, and all the phases of living conditions which need to be remedied.

Salvation Army Corps Already Busy Helping Canucks at Aldershot

Salvation Army workers are already on the job among Canadian troops at Aldershot and carrying on the fine traditions of service they established among the troops during the last Great War, according to letters received from Aldershot. In a letter written to Corp. Allan Baker, of the Royal Canadian Engineers, Edmonton, by Corp. J. Grace, Headquarters, 2nd Infantry Brigade, in Aldershot, and dated Feb. 2, Corp. Grace writes:

"I met an old friend of yours the other day—Mr. Fitch of the Salvation Army. He is running what is known as a Mobile Canteen. I met him out on the rifle range. He had his canteen truck there and was giving out free tea and cake to the boys, and believe me or not, mum, that was the best cup of tea I have had since I came to England."

At the present time, in order to enable them to carry on their work among the troops, the Salvation Army is asking \$50,000 from the citizens as this city's share of its \$100,000 War and National Service Fund for the Dominion.

The American Legion was organized in Paris in 1919.

W. H. Miller, C.C.F. candidate for Edmonton in the provincial election, said the Alberta government has not been sufficiently dealt with by the existing government. Health, education, hospitals and schools, relief, all require new and organized legislation, he maintained.

VOTERS MUST MAKE CHOICE OF TWO STEPS

Continue Secred Program Or Surrender To Financiers: Manning

Continuation of the progressive program carried on by the present provincial government for the past five years or surrender to the old capitalist order of inaction, plundering of debts and financial dictatorship are the choices facing the Alberta electorate in the provincial general election of March 21. Hon. Ernest C. Manning, minister of trade and industry, declared in an address here Friday evening.

Mr. Manning with other Social Credit candidates in the Edmonton constituency are Dr. C. R. Smith and the New Democracy's C.C.F. candidate, Dr. J. Grace. Dr. Manning, who is a good physician but he is hardly qualified to treat and prescribe for a nation at this time.

Trid and experienced leadership is the first requisite of a government engaged in the carrying on of a war that will put at stake the future of the nation.

Mr. Manning said that the choice must be between the two alternatives. Do you want the great progressive program to go on to the greater achievements, or do you want to surrender yourselves to the old political order of inaction, plundering of debts and financial dictatorship. Think this over carefully as you go to the polls Thursday and having made up your mind to vote in your own interests, seek out on your ballot the names of your five Social Credit candidates.

16,317 TONS OF GERMAN SHIPS LOST IN WEEK

5,600-Ton Hannover Taken By Royal Navy After Scuttling Failure

By The Canadian Press
Germany lost 16,317 tons of merchant shipping in the week ending March 15 as against 10,798 tons lost last week.

The 7,415-ton German liner La Corona was scuttled in northern waters when intercepted by Allied patrols. The 3,900-ton Eichenberg was sunk in European waters while the 5,600-ton Hannover was captured by the Royal Navy after her crew had failed in an attempt to scuttle her.

In addition to the 16,317 tons lost by Britain due to enemy action, two ships totaling 1,723 tons were lost in ordinary marine accidents, bringing the weekly total of German ships lost to 18,040 tons.

When the captured Hannover is added to Britain's tonnage, however, the net loss is 12,825 tons, or 2,441 tons less than Germany's losses. British tonnage, of course, is being continuously augmented.

ALBERTANS FREE YOURSELVES FROM SOCIAL CREDIT'S PACKET INTOLERISMS

CANDIDATES SELECTED BY MR. ABERHART AND A COMMITTEE

A most undemocratic procedure unknown elsewhere, it has discriminated against such Social Crediters as the Rev. Roy C. Taylor, M.L.A., Deputy Speaker, H. J. Ash, M.L.A., who is running anyway, etc.

SOLDIERS ON SERVICE OUTSIDE ALBERTA DISFRANCHISED

The Dominion Government has arranged to give them the vote. What were Aberhart's reasons for not doing so?

ESPIONAGE IN THE CIVIL SERVICE

Mrs. Edith Gostick, Social Credit M.L.A. at a public meeting said: "I am sure we shall never have Social Credit established until we get the whole Civil Service disbanded and their places taken by Social Crediters."

GESTAPO!

Resolution passed to terminate agreement with R.C.M.P. and put in Provincial Government police force. Notice of cancellation has been served, to become effective in 1941.

PRESSURE ON CIVIL SERVANTS

In January, 1939, Hon. E. C. Manning "suggested" that civil servants take 50% of their pay in Treasury Vouchers. A compromise was effected at 25%—still in force.

POLITICAL PROPAGANDA PAID FOR OUT OF PUBLIC TREASURY

A recent local publication calls this "a thoroughly Nazi practice unknown in British Countries until the advent of the Aberhart Government."

PROPOSED REGIMENTATION OF BUSINESS

The 1937 Cross bills provided for the licensing of all trades and occupations, fixing prices of everything and controlling transportation and marketing of all commodities. Bills withdrawn after storm of protest including resolution of a Ministerial Association. "The bill constitutes an unwarranted invasion of personal liberty and places every individual completely in the control of the state and stifles his freedom of conscience."

GENERAL COERCION AND INTOLERANCE

Rev. N. B. James, M.L.A., again a candidate, stated: "If it comes down to it, if we have to, we will make these people co-operate or get out of the Province."

Germany Enforces Strict New Rules On Swiss Border

BASEL, Switzerland, March 16.—German border guards yesterday enforced strict new frontier regulations, with hundreds of Germans and Swiss back to their side of border and confiscated their papers.

Their action was said to have been taken to prevent leakage of military information from a German troop concentration in Wurttemberg and Baden, north of the Swiss frontier.

The control extended from the Rhine to the Italian frontier, and less strict on the old Austrian border, where the German frontier guard is guarded only by semi-military frontier guards.

SPORT WILL BE MAJOR FEATURE OF YOUTH FAIR

When the Youth Fair opens its gates on May 1 at the M.C.A. and the Y.W.C.A., the Department of Recreation will be found among the fair's many features. Under the direction of Norma Reynolds, the department again brings to the fore such pleasing classes as swimming, tennis, bowls, basketball, dancing, and a newly reconstructed roller-skating rink. Many special features, have been added to the different classes such as badminton, Chinese checkers, tumbling and various kinds of dancing.

The directors of the swimming class, Olive Millar and J. H. Hargreaves, are attempting this year to encourage the younger boys and girls of the city to compete, have introduced new age sections and provided novelty races for the interest of many.

In the diving section, the contest will be complete, have introduced new age sections and provided novelty races for the interest of many.

The fair has the choice of two optional dives as well as a front-kick knife and a back dive.

All contestants are required to be ready for medical examination the night of the competition at the Y.W.C.A. Any person entering a certain division is entitled to swim in a relay race free. The "Vice Banner trophy," for annual champion, will be awarded to the boy securing the greatest number of points.

The ping pong, chess and checkers of the Fair is under the co-direction of Barbara Johnston and Dave Kuahner, students of St. Thomas and St. Mary's Schools respectively. Due to the sudden popularity of Chinese checkers, a division for boys and girls has been arranged. The Boys and Girls' Fair will supply all necessary equipment.

Teutonic Folk Believe How Poverty-Stricken Mothers, Having No Gifts, Painted Eggs And Hid Them In Woods

BY LILLIAN CAMPBELL

Spring arrives officially on March 21, but it never seems to be here until Easter comes.

Easter is said by one writer to come from the ancient Anglo-Saxon word "Eostre," meaning the goddess of spring. Another states that it is in memory of the Crucifixion and the word means "to rise," also a season word.

How did the egg come to be a symbol of Easter? Many ancient people regarded the egg as the beginning of life, and others regarded the secret of all life to be within the egg, therefore it was thought to be a token or symbol of creation.

RABBIT'S PART

The Easter rabbit's part in the festivities originated with an old superstition that rabbits lay eggs on Easter eve. It is said to be of Teutonic origin. A pretty story that is told by G. S. Bailey in "The Children's Hour" is as follows:

One year in a far-off country there was a family who had been a great drought in the past spring and no crops could be grown. In consequence the granaries were empty, and only by the greatest care could even the children be fed. The children were in bed and each another what they could do. Said one mother, "We can have eggs. All the chickens are laying, but the children are tired of eggs for they have them every day. Let us see if we can get some of the children's."

One mother lay awake that night and could not get to sleep. She thought, "If I could only get some of the children's eggs, they would be happy. But the children are tired of eggs for they have them every day. Let us see if we can get some of the children's."

On Easter morning all went first to church, and then the groups suggested a walk into the woods to look for flowers. The children went through the trees and then found some beautiful colored eggs.

They were delighted but could not guess who those lovely eggs were. They were all the colors of the rainbow, but none of them had a mark on them. Just then, from behind a large tree, where a nest of colored eggs had been found, jumped a rabbit, who with long leaps disappeared in the deep woods.

"It must have been the Easter rabbit," said the children, "and he has laid the pretty eggs," exclaimed one little girl.

"Hush! for the Easter rabbit should not be disturbed," warned her mother.

"Hush! for the Easter rabbit should not be disturbed," warned her mother.

On that day they saw so many rabbits on Easter day.

Edmonton High School Pupils Looking Forward To Holidays: Exams Curb Social Functions

MORE than 18,000 Edmonton Public High school and Separate school pupils looked forward eagerly today to the beginning of the Easter holidays, when they will start their spring vacation. The students will close their desks for more than a week's rest Thursday afternoon. Meanwhile all sorts of social activities are being planned. Many of the schools have already completed the annual exam, while one or two schools are still awaiting the results of their annual examinations. Not until the middle of the month will the students' social functions be held. After all, were only young men.

PALM SUNDAY AT M'DOUGALL

The pre-Easter communion service will be held at McDougall United church on Sunday morning, and in connection with its celebration there will be reception of new members.

At the evening hour of worship there will be a choral recital of the great classical music which is available to the Palm Sunday service. A full choir under W. J. Hensley with Mrs. Helen Hensley at the organ will render selections from The Messiah by Handel. They will commence with the Passion music and move on to the triumphant hymns in which the congregation will join, and with other acts of worship expressing the spirit of the church season.

The soloists are: Mrs. M. McDougall, Mrs. E. A. Reid, Miss Kathleen Robertson and W. Townsend.

On Good Friday afternoon at 3:45 the choir will again be heard in a twilit recital, "The Crucifixion," by Sir John Stainer.

Clara said, "I think you're crazy."

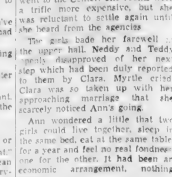

"Maybe I am—maybe I can't get a job without references—just the same I'm going to try. I have to leave here—"

This brought Clara around to her own enthralling afflairs and her decision was forgotten. Ann left the rooming house on Friday, September 1, for the Center. The room was

With The Railroaders

On the National System

Symptoms of all railroaders were extended to the family of the late Dr. H. H. Hume, veteran C.N.R. conductor, who died this week at Rocky Mountain House.

Mr. Hume was born in Ontario but lived in Alberta for 20 years, working out of Hume, Hume & Hume, a well-known business house. He is survived by his widow, four children and two grandchildren.

J. Desjardis, engineer, has been transferred from Mirror to work at Hume.

Mr. W. G. Macdonald and Mrs. N. McKay were visitors in Calgary this week.

K. K. DeJong has been transferred from the boiler gang to the labor gang.

T. Tardif, laborer, has returned to work after three weeks' absence.

BACK FROM SICK LEAVE

A. E. Arpland, carman, who has been on sick leave for some time expects to return to work by the end of the month.

L. Lane, laborer, motored to Calgary last weekend.

Macdonald, carman apprentice, is off sick.

Frank Brown, engineer, has been transferred from Edmonton to Mirror.

E. Rumpf, machinist, has returned to work after two weeks' sick leave.

H. Tozer, machinist, who has been on sick leave for the past three months, is recuperating in Victoria.

Rob Newlands of the boarding car at the Calgary yards has been struck with illness again and will be in bed for several weeks.

CONGRATULATIONS IN ORDER

Congratulations to Mr. and Mrs. Jack Hemmoff whose wedding took place Saturday afternoon at home of the bride's parents.

The bride and groom later flew to Calgary, where they will reside.

A. Snyder, engineer, has been transferred from Edmonton to Mirror.

J. MacGregor, general chairman of the C.B. of R.E. arrived Thursday morning on a business visit from Winnipeg.

N.A.R. News

Engineer W. C. Hunter has been transferred from McLean to the Dunvegan yards.

LEGION DRIVE REAL SUCCESS SAYS WALKER

CALGARY, March 16.—The Dominion-wide drive to finance the construction of a permanent Legion War Services Unit, went "over the top" and \$500,000 has been secured. This is \$500,000 in excess of the goal.

Al Walker, acting Dominion president of the Canadian Legion, B.C., made this announcement yesterday on his return from Ottawa, where he spent the past 10 days on important Legion business.

He said the drive tested, in his opinion, the rank and file of the Legion, and the last war, on whom the main burden for the success of the drive rested, I wish to express my thanks and congratulations," said Mr. Walker.

The War This Week

By DON GILBERT Canadian Press Staff Writer

CONCLUSION of a treaty of peace between Russia and Finland was the principal event of the 28th week of the war. The end of K.S. peace, which had threatened to widen the area of operations in the big war between the Allied powers and Germany, came 3½ months after the invading Red army first crossed the Finnish frontier.

The Bolshevik regime imposed a harsh peace on the Finns, exacting concessions greater than those Finland refused to accept under the terms of the K.S. peace. The Bolsheviks refused to accept under the terms of the K.S. peace.

The peace treaty was signed a few hours after Great Britain and France declared war on Germany.

BLUM CALLED WARMONGER BY RED SECRETARY

By DON GILBERT Canadian Press Staff Writer

MOSCOW, March 16.—Maurice Thorez, secretary general of France's outlawed Communist party, "crying out" against the peace treaty between Russia and Finland, called Leon Blum, French Socialist leader, a "warmonger" and "puppet dog" of the bourgeoisie for crusade against the Soviet Union.

Thorez said Blum had been deprived of French citizenship and is under a sentence of six years' imprisonment, but he was released as an army deserter.

His article was dated "France, February 1939" however. There have been indications that Thorez has hidden in France since last autumn.

"French leaders" he warned, "will not permit us to assist the U.S.S.R. in its fight against the bourgeoisie."

OUT OUR WAY

The Willets

By Williams

"This

old world of ours is full of strange people; strange animals; strange facts and strange fancies. Old Mother Nature works wisely and well, but sometimes her ways are too deep, too

Curious

for us to fathom. But there's a way to keep in touch with the vagaries of nature and learn the whys and wherefores of her strange ways. Daily in The Bulletin, "This Curious

World"

THIS CURIOUS WORLD

DIRECTIONS...

LIKE EINSTEIN'S THEORY, ARE A MATTER OF RELATIVITY... AND ALMOST AS PUZZLING.

WE SPEAK OF THE EASTERN AND WESTERN HEMISPHERES, BUT THE NAMES WOULD BE JUST AS APPROPRIATE IF REVERSED.

IF WHILE WALKING SOUTH, YOU CROSS THE SOUTH POLE, YOUR DIRECTION AUTOMATICALLY CHANGES TO NORTH.

WE SEE THE SUN GOING DOWN, BUT IT'S ONLY THE HORIZON COMING UP.

by J. J. KERGUSON

COPY. TWO BY NEA SERVICE, INC. T. M. REG. U. S. PAT. OFF.

WHEN A MAN IN AUSTRALIA AND ONE IN CANADA POINT STRAIGHT UP, THEY ARE POINTING IN OPPOSITE DIRECTIONS.

NEW ORLEANS IS CALLED A SOUTHERN CITY, BUT IT IS NORTH OF SOME TWO-THIRDS OF THE WORLD'S AREA.

WE SPEAK OF THE NORTH POLE AS UP, AND THE SOUTH POLE AS DOWN... YET ANTARCTICA RANGES UP TO 10,000 FEET IN ELEVATION, WHILE THE ARCTIC POLAR AREA LIES AT SEA LEVEL.

FRECKLES AND HIS FRIENDS

by BOSTER

...AND I'D PRETEND I WAS GONNA DO SOMETHIN' ELSE, BUT INSTEAD, I'D SLUG TH' GUY! HMMM!

THEN I'D DRAG THE GUY'S LIMP BODY TO THE POLICE STATION!

WHAT WOULD YOU DO? GEE, I DON'T KNOW! I DON'T THINK I'D TRY TO SLUG HIM!

WHY NOT? I'D BE TOO SCARED I'D PROBABLY HIDE UNDER THE BED!

YOU DIDN'T PLAY FAIR! I BET YOU KNEW WE'D SEE A FACE!!
